every country and among all classes, as this mild but efficient purgative Pul. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have not, know that it cures their neighbors and friends, and all know that what it does once it does alway—that it never fails through any fault or neglect of and all know that what it does once it does always

cures are known in every neighborhood, and why
should we publish them? Adapted to all ages and
conditions in all climates; containing neither calomel or any deleterious drug, they may be taken
with safety by anybody. Their sugar conting preserves them ever fresh and makes them pleasant to

Minute directions are given in the wrapper on the box, for the following complaints, which those Pills rapidly cure:

For Byspepsia or Indigestion, Listlesses, Languor and Loss of Appetite, they should be taken moderately to atmulate the stomach and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Billious Headache, Sick Headache, Jaundice or Green Sickmess, Billious Colic and Billious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it. For Bysenstery or Diarrheea, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change these complaints disappear. All fractions of half a square and over, are

For Bropsy and Bropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the aspecial, and invigorates the system. Hence it is often advantageous where no serious derangement exists. ## Ayer's Cherry Pectoral. For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform that the second better known its uniform of the lungs and throat, have made it known as a reliable protector against them. While adapted to miller forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerons affections of the throat and lungs. As a provision against rudgen attacks of Croup, it should be kept on hand in every family, and indeed as all any structured with this muidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely caved, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly curred by it.

Bronchitis is generally cured by taking the Cherry Pertoral in small and frequent dores.

So generally are its viriuse known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.
